

Robotics Club Donation Form

All members are encouraged to donate a club fee. Donations may be tax deductible. Additionally, if your company offers matching funds, it is a great way to maximize your donation. Please make checks payable to DHS Robotics and **notate "DHS Robotics Program Donation" in the lower left corner of your check for tax purposes.** Turn this form and your check in to Mr. Brown (J-204) or Mr. Taylor (Q-12) by Tuesday, 9/25. Please help us protect the future of Gael Force Robotics by making any donation you are able to.

This form is intended only for the Robotics Program Donations. This money is used to pay for a great portion of the team costs. This includes \$65 for tournament fees, about \$300 per team for parts, and \$30 per member for food at tournaments. The donation also covers our club t-shirt. The Gael Force Academy does not enter in competitions, and the funds from GFA members will mainly fund t-shirts and parts.

The recommended donations for Robotics are:

Competition Team - \$125

Gael Force Academy - \$25
