

## **Gael Force Robotics Club Contract**

The Gael Force Robotics Club is dedicated to exposing students to robotics design and construction, while providing opportunities to participate at a competitive level of robotics. In addition to learning technical skills related to robotics, students will learn how to compromise and work in a team, manage time and materials, and think creatively and analytically about problems. Each season is full of exciting events and lots to do, so we want to make sure that all students and parents are connected and aware of the responsibilities and time commitments involved. Please review all pages carefully.

All mandatory forms must be returned to the club Secretary (Justin Lee) before the student is allowed to participate in the Robotics Club.

List of forms:

- Parent Conduct Agreement Form
- Emergency Information
- Member Agreement Form
- Assumption of Risk Release
- Student Information Google Form at [goo.gl/dic54y](https://goo.gl/dic54y)

## Member Agreement Form

I will maintain a GPA of 2.0 or better and have no more than one (1) "F" at the end of each grading period in order to be eligible to participate in the Robotics Club.

I will abide to all school policies and rules while participating in the Robotics Club. If school policy is not met, I understand that I may be removed from the club, or face other consequences.

I must maintain satisfactory citizenship and attendance, including tardiness. If either is reported to be unsatisfactory, I will be subject to Disciplinary action and possible suspension from the club.

I will be responsible for all available equipment for use in the club. Equipment should be taken care of and should not be abused.

I understand that the use of narcotics, stimulants and depressants, including alcohol and tobacco, is FORBIDDEN. Verification by school officials of any such incident will result in immediate disciplinary action. (Refer to the Code of Behavior Agreement)

I am responsible for all class work missed while attending club events and should get the work before leaving for the scheduled club event.

As a representative of Dublin High School, I will conduct myself in a manner that will not degrade myself or the school.

I will not engage in the use of any social media outlet to harass, bully, or demean any club members, external participants, officials, or parents from Dublin High school or any opposing schools. I understand that I will be suspended or possibly removed from the club if such actions occur.

## **Parent Conduct Agreement Form**

The role of the parent in the education of a student is vital. The support shown in the home is often manifested in the ability of the student to accept the opportunities presented at school and in life.

There is a value system - established in the home, nurtured in the school - which young people are developing. Their involvement in classroom and other activities contributes to that development. Trustworthiness, citizenship, caring, fairness and respect are lifetime values taught through the Robotics Club. These are the principles of good sportsmanship and character. With them, the spirit of competition thrives, fueled by honest rivalry, courteous relations and graceful acceptance of the results.

As a parent of a Robotics Club member at our school, your goals should include:

- Realize that the Robotics Club is part of the educational experience, and the benefits of involvement go beyond the final performance or demonstration
- Encourage our students to perform their best, just as we would urge them on with their classwork
- Participate in positive cheers that encourage our student members; and discouraging any cheers that would redirect that focus - including those that taunt and intimidate opponents, their fans and officials
- Learn, understand, and respect the rules of the game, the officials who administer them and their decisions
- Respect the task of our advisors; and support them as they strive to educate our youth; Respect our opponents as competitors, and acknowledge them for striving to do their best; and develop a sense of dignity and civility under all circumstances
- You can have a major influence on your student's attitude about academics and robotics. The leadership role you take will help influence your child, and our community, for years to come

### **I therefore agree that:**

- I will remember that students participate to have fun and that the club is for youth, not adults.
- I will learn the rules of the game and the policies of the program the students are participating in.
- I (and my guests) will be a positive role model for my child and encourage sportsmanship by showing respect and courtesy, and by demonstrating positive support for all members and officers at every meeting or other event.
- I (and my guests) will not engage in any kind of unsportsmanlike conduct with any , officer , member, or parent such as booing and taunting; refusing to shake hands; or using profane language or gestures.

# GAEL FORCE ROBOTICS

---

- I will not encourage any behaviors or meetings that would endanger the health and well-being of the members.
- I will teach my child to play by the rules and to resolve conflicts without resorting to hostility or violence.
- I will demand that my child treat other members, officers, officials and spectators with respect regardless of race, creed, color, sex or ability.
- I will encourage my child for competing fairly and trying hard, and make my child feel valued for their effort.
- I will never ridicule or yell at my child or other participants for making a mistake or losing a competition.
- I will promote the emotional and physical well being of the members ahead of any personal desire I may have for my child to win.
- I will respect the officers and their authority during events.
- I will not support the usage of drugs, tobacco, and alcohol and I will report the usage of any of these illegal substances by the members.
- I will remain outside the field of play and within the Designated Spectators' Area (where provided) at events
- I will refrain from coaching my child or other members during games and meetings.

I understand that any parent responsible of improper conduct at any event or meeting will be asked to leave the school grounds and be suspended from the following events and meetings. Repeated violations may cause a multiple activity suspension, or the season forfeiture of the privilege of attending all club events . You can have a major influence on your student's attitude about academics and robotics. The leadership role you take will help influence your child, and our community, for years to come. We look forward to serving you in the year ahead, and appreciate your continued support.

## Student Assumption of Risk Release

The purpose of this notice is to aid you in making an informed decision as to whether you/your child should participate in robotics activities and, as a condition of such participation, sign the foregoing **Assumption of Risk Release**. By signing this form you recognize your responsibility to be aware of the risks and activities of the DHS Robotics Club.

Students and parents should be aware that students may use a variety of tools for construction. This can include, but is not limited to, drivers, wrenches, pliers, hand saws, power drill, drill press, powered rotary cutter/sander, powered saws (band saw, miter saw, table saw), laser cutter, 3D printer, and CNC mill. Students will be trained in usage of any tools by pre-approved peers or instructors, and should use these tools under only under proper supervision.

You also acknowledge the risks involved in robot and project construction. Students must swear that they are participating voluntarily and will act in good judgement and common sense while operating any tools that could increase the likelihood of injury. Additionally, you are acknowledging that all risks have been made clear to you and that there are no known conditions that will increase your likelihood of experiencing injuries while engaging in these activities. By signing below, you forfeit all right to bring a suit against Dublin High School and the Dublin Unified School District for any reason relating to participation in the DHS Robotics Club. Students additionally will make every effort to obey safety precautions as listed in writing and as explained to verbally, and will ask for clarification when needed.

Please complete the following:

I, \_\_\_\_\_, as a student at Dublin High School  
(Student Name)

and I, \_\_\_\_\_ as the parent/legal guardian of  
(Parent/Legal Guardian Name)

\_\_\_\_\_  
(Print Student's Name)

acknowledge and agree that participation in Gael Force Robotics Club activities is voluntary and extracurricular.

We agree to assume all the risk of injury or death associated with the Dublin Unified School District's program; we further agree to release the Dublin Unified School District, its

employees, agents, representatives, officers, and volunteers from any liability resulting from ordinary negligence that may arise in connection with the District's interscholastic activities program. We agree that the terms hereof shall serve as an assumption of risk and a release for all members of our family, for heirs, estate, executor, administrator, assignees, indemnitors, subrogees, or other releases; and we further agree that if any part of the assumption of risk is held void, the remainder shall continue in full force and effect.

By signing this **Assumption of Risk and Release**, we acknowledge that we have read its contents and understand its contents and warnings, and that we agree to its terms.
